## THE DINERS CLUB® DIFFERENCE

Diners Club® is the smart payment choice for mid-to-large corporations, individual business people, and professionals. With superior product solutions, expertise, and dedicated support, Diners Club gives customers the power to streamline business expenses and maximize the bottom-line.

Diners Club is a global brand with an established heritage as the world's first charge card. In North America, Diners Club is owned by Citigroup® and is a key franchise within the Diners Club International network.

## ACCEPTED WHEREVER YOU DO BUSINESS

Diners Club Cards are welcomed at more than 24 million MasterCard® credit card locations worldwide, so you can confidently conduct business and accomplish your goals.<sup>1</sup>

## EMPOWERING YOU TO MOVE YOUR BUSINESS FORWARD

Diners Club products help organizations meet complex business objectives, deliver functionality and information to control expenses, increase productivity, and maximize company profitability.

## SOLUTIONS THAT BEST FITS THE NEEDS OF YOUR ORGANIZATION

- Corporate Card System—a card-based system that captures, tracks, and analyzes employee expenses such as air travel, car rental, lodging, meals, and more.
- Corporate Travel System—a cardless, centrally-billed program to capture airline, rail, and common carrier expenses.
- Group Event System—a centrally-billed program to manage expenses associated with group meetings and events.
- MultiNational Corporate Card—an advanced card-based system designed to meet the needs of organizations with offices around the world.
- Carte Blanche® Corporate Card—a card-based system that works in conjunction

with the Corporate Card System, while offering key travelers an enhanced level of benefits and services.

## INNOVATIVE TOOLS TO DO MORE

Diners Club has designed a suite of online account management and reporting tools to help organizations effectively manage the day-to-day activities of their program:

- Corporate Account Manager—an online portal to all Diners Club account maintenance and data management tools.
- Global Vision®—an easy-to-use online tool for dynamic data reporting and analysis.
- T+E Reconciler®—an online data enhancement tool that helps streamline the reconciliation process for centrally-billed air and rail charges.
- Online Expense Reports—a fast, simple approach to standardized expense reporting.
- E-Reports—standard MIS accessible online.
- E-Account Manager—a single point of access for Cardmembers to view and pay statements online.

## NEW IN 2006

Diners Club is proud to announce the Diners Club Purchasing Card as the latest addition to its suite of product solutions. The Diners Club Purchasing Card is designed to help organizations run more efficiently by:

- Streamlining expense processes with one integrated payment and reporting solution.
- Increasing control over employee purchases and supplier management
- Lowering administrative costs and reducing paperwork associated with procurement, tracking, and reconciliation processes.

The Diners Club Purchasing Card gives the control and detail that organizations need—when they need it.

Choosing Diners Club is a smart business decision—and an easy one to make.
